iNext offers travel insurance and security-evacuation services to individuals and groups traveling outside of the United States (U.S.), on trips lasting from 10 to 365 days.

All iNext travel insurance policies are designed to cover the cost of unexpected accidents and illnesses people may experience while traveling abroad. We also offer emergency assistance services and information to help them travel safely.

We strive to provide your institution with exceptional and affordable travel insurance solutions. We also offer a host of travel-related benefits that can make it much easier to send your people abroad.

Many U.S. health insurance policies won't cover medical expenses while you're overseas – and most don't cover emergency medical evacuation and transportation.

Comprehensive Plan

Ideal for the traveler who does not have primary insurance.

The iNext Comprehensive plan is designed for travelers who need richer medical benefits, because they don't have primary insurance in the U.S., or their plan doesn't cover travel abroad. The availability of daily and monthly rates for Institutional Partners, make these plans an ideal option for short-term travel.

Choose from three levels of coverage, all underwritten by Nationwide Mutual Insurance Company. Trip Cancellation and Trip Interruption as well as Security Evacuation coverage are also available as optional upgrades.
