Filing a Claim

The United States healthcare system can be difficult to navigate because there are many different institutions and organizations that provide healthcare services. The following is general guidance regarding when to utilize some of the different healthcare providers. Note that this summary is merely an overview, and you should make any determination based on your medical condition. The level of insurance coverage for each option may vary, please see the Summary of Benefits.

We have partnered with **DialCare Physician Access¹**, to provide access to phone or video consultations with state-licensed and fully credentialed doctors for non-emergency illnesses and general care. To register, follow the link in the confirmation email you should have received from DialCare after you enrolled in your plan, download the DialCare mobile app, or visit dialcare.com/verify. If you are having problems registering, you can call DialCare for assistance at **+1.855.335.2255**.

A **Student Health Center** is the designated clinic at your school and can treat most minor illnesses or injuries. It is typically located on campus and is staffed by qualified medical professionals. This is often less expensive option for treatment and is your first place to go when seeking medical help in person, except in cases of emergency.

Mini-Clinic or Minute Clinic are retail clinics that provide specific medical services. You can usually find these types of clinics in a pharmacy, such as a CVS store. These clinics are a convenient option for patients who have a minor illness or injury. Some clinics also offer preventative measures such as vaccinations and health screenings.

Urgent Care facilities can treat most illnesses or injuries. They are usually staffed with a team of doctors and nurses and an appointment is not usually required. The cost associated with an urgent care facility is usually much lower than an emergency room when used for non-life-threatening conditions.

Hospital Emergency Rooms should only be used in medical emergency situations. A medical emergency situation is where you reasonably believe that your life or health would be jeopardized if you are not in a hospital. Using an emergency room can be very expensive. If you are using an emergency room for convenience or for any reason other than a medical emergency, you may be responsible for higher out of pocket costs.

FOR MEDICAL EMERGENCIES, DIAL 911

This is the emergency assistance number used across the U.S. contact TSS Assist within **48 hours** after receiving treatment for an emergency.

¹DialCare Physician Access telemedicine program is provided exclusively by a third-party vendor and not by TSS. TSS does not administer the telemedicine program, and is not an affiliate, agent, or principal of the program. Physician Access is a non-insurance service and is not part of the insurance underwritten by Crum & Forster SPC. Services may not be available at all times, or in all locations, or for all members. Check your program summary add-on documents to determine if this service is available.

Filing a Claim

When using an in-network preferred provider, the provider will bill us directly and submit the claim on your behalf. However, when using an out-of-network doctor, you may have to pay out of pocket for medical services or prescriptions and seek reimbursement from the insurance company. When this happens, you will need to file a claim to get reimbursed for covered expenses.

Benefits are paid to the extent that an Insured Person receives any of the treatments covered under the Schedule of Benefits following the Effective Date, including any additional Waiting Periods and up to the date such individual no longer meets the definition of Insured Person, or their last date of coverage.

3.5 Compliance with the Plan Terms

The Insurer's liability to an Insured Person will be conditional upon that Insured Person complying with its terms and conditions.

3.6 Fraudulent/Unfounded Claims

If any claim is in any respect fraudulent or unfounded, all benefits paid and/or payable in relation to that claim shall be forfeited and, if appropriate, recoverable.

3.7 Waiver of Terms or Conditions

The waiver of a term or condition by the Insurer in relation to an individual case will not prevent the Insurer from relying on such term or condition thereafter.

3.8 Denial of Liability

Neither the Insurer nor the Policyholder is responsible for the quality of care received from any institution or individual. This insurance coverage does not give the Insured Person any claim, right or cause of action against the Insurer or Policyholder based on an act of omission or commission of a Hospital, Physician or other Provider of care or service.

3.9 Extension of Benefits

If an Insured Person is hospital confined on the termination date of coverage, benefits will continue to be paid until the earlier of discharge from the hospital they are confined to, or until the Maximum Benefit has been paid, whichever occurs first. In no event will benefits continue beyond 30 days from the termination date of coverage.

3.10 Preferred Provider Network

United States only:

- **In-Network Preferred Provider:** This tier consists of Preferred Providers and Hospitals who have a contract with the Preferred Provider Organization to provide specific medical care and that have agreed to accept a Preferred Allowance as payment in full for the specific service. The Medical Identification Card contains the logo for the network. Present it to the Physician or Hospital.
- **Out-of-Network Provider:** Utilizing Providers that are Out-of-Network is a more costly financial option for the Insured Person. The Insurer reimburses such Providers up to an Allowable Charge as determined by the Insurer. The Provider may bill the Insured Person the difference between the amounts reimbursed by the Insurer and the Provider's billed charge. Additionally, the Insured Person will pay a Coinsurance amount that is higher than if an In-Network Provider were used.
- **Out-of-Network Area:** When there are no network Providers located within a 30-mile radius of Your local residence, charges from such Providers will be treated the same as a U.S. In-Network Preferred Provider.

The Insurer retains the right to limit or prohibit the use of Providers which significantly exceed Allowable Charges.

4.0 PRE-AUTHORIZATION REQUIREMENTS AND PROCEDURES

Pre-Authorization is a process by which an Insured Person obtains approval for certain medical procedures or treatments prior to the commencement of the proposed medical treatment. During this process, the Insured may also be directed to In-Network Providers capable of providing the appropriate level of care. TSS Assist must be contacted a minimum of five business days prior to the scheduled procedure or treatment date to initiate the Pre-Authorization process.

Seeking medical care at a Hospital emergency room is advised only if the Insured is suffering a Medical Emergency. When a Medical Emergency exists, the TSS Assist team must be contacted no later than 48 hours after seeking care. Within the United States, use of the emergency room for non-emergency services may result in higher Out-of-Pocket costs to the Insured Person. When a non-Medical Emergency exists, contact TSS Assist who will direct you to an In-Network Provider capable of providing the appropriate level of care.

The following services require Pre-Authorization:

- Any Hospitalization,
- Outpatient or Ambulatory Surgery,
- All Cancer Treatment (Including Chemotherapy and Radiation),
- Advanced medical imaging including MRI, PET, and CT scan
- Highly specialized drugs, specialty treatments, and prescription medications in excess of \$3,000 per refill,
- Medical Evacuation/Repatriation and all other Non-Medical Expense benefits,
- Any condition, which does not meet the above criteria, but are expected to accumulate over \$10,000 of medical treatment per Period of Insurance.

Failure to obtain pre-authorization will result in a 30% reduction in payment of Covered Expenses. The penalty does not apply to the Out-of-Pocket maximum. If treatment would not have been approved by the pre-authorization process, all related claims will be denied.

Pre-Authorization approval does not guarantee payment of a claim in full, as additional Copayments and Out-of-Pocket expenses may apply. Benefits payable under the Plan are still subject to Eligibility at the time charges are actually incurred, and to all other terms, limitations, and exclusions of the Plan.

9.0 HOW TO FILE A CLAIM

Claims must be filed within 180 days of treatment to be eligible for reimbursement of covered expenses. Claim forms should be submitted only when the medical service Provider does not bill the Insurer directly, and when you have out-of-pocket expenses to submit for reimbursement. All claims worldwide are subject to Usual, Customary, and Reasonable charges as determined by TSS and are processed in the order in which they are received. In order for claims payment to be made, claims must be submitted in a form acceptable to Insurer.

9.1 Medical Claims

To file your claim, submit it online and follow the instructions to complete the online claim form. If you are unable to submit your claim electronically, you can mail or fax your completed claim form and copies of supporting documentation. After submitting the claim, you will receive a claim reference number and an electronic receipt for the claim will be sent to you by email.

Claims may be submitted to the Insurer directly by the Provider or Facility. The Insurer will process the claim according to the Schedule of Benefits and Plan terms, and remit payment to the health care Provider. Ineligible charges or those in excess of the Allowable Charges will be the responsibility of the Insured Person.

If the Insured Person has paid the health care Provider, the Insured Person will submit the claim form along with the original paid receipts directly to the Insurer. Photocopies will not be accepted unless the Claim is submitted electronically. The Insurer will reimburse the Insured Person directly according to the Schedule of Benefits and Plan terms.

Once the Deductible has been satisfied, all Allowable Charges will be paid at the percentage listed on the Schedule of Benefits, up to the listed benefit maximum. Note the amount of Allowable Charges applied towards the Deductible also reduces the applicable benefit maximum by the same amount.

9.7 Releasing Necessary Information

It may be necessary for the Insurer to request a complete medical file on an Insured Person for purpose of claims review or administration of the Plan. It may also be necessary to share such information with a medical or utilization review board, or a reinsurer. The release of such confidential medial information will only be with written consent of the Insured Person.

9.8 Coordination of Benefits

The Coordination of Benefits (COB) provision applies when an Insured has health care coverage under more than one health insurance policy or health insurance plan (a "Plan"). This includes group and non-group insurance

contracts, health maintenance organization (HMO) contracts, medical benefits under group or individual automobile contracts, and Medicare or any other federal governmental plan.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan pays benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable Expense.

Order of Benefit Determination Rules

When an Insured is covered by two or more health care plans or policies, the rules for determining the order of benefits follows:

- If a Plan does not have a Coordination of Benefits provision, it will always be the Primary Plan.
- The Plan that covers the claimant as the Primary Insured, (in the case of this Policy, a Class 1 Eligible Person shown on the Schedule of Benefits) is the Primary Plan and the Plan that covers this person as a dependent is the Secondary Plan.
- The Plan that covers the claimant as a Dependent Spouse or Child (in the case of this Policy other than as a Class 1 Eligible Person shown on the Schedule of Benefits) is the Secondary Plan and the Plan that covers this person other than as a Dependent is the Primary Plan.
- If two Plans cover the claimant as a Primary Insured, the Plan that has covered this person for the longer period of time is the Primary Plan.
- If two Plans cover the claimant as a Dependent Child, the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

If an educational institution, Sponsoring Organization, or any other entity provides health coverage for organized sports and activities, such coverage is the Primary Plan and this coverage will be a Secondary Plan.

9.9 Subrogation, Reimbursement and Assignment of Rights

Benefits paid under the Plan are paid on the condition that We are entitled to pursue subrogation and receive reimbursement for an Injury or Illness for which We have provided benefits when You have accrued a right of action against a third party for causing an Injury or Illness for which i) We have paid benefits; and ii) You have received a judgment, settlement, or other compensation on the basis of that Illness or Injury or are entitled to receive compensation or recovery on the basis of that Illness or Injury. We have the right to be reimbursed whether the recovery You receive, or to which You are entitled, is made in a single payment or incrementally over time. Our reimbursement and subrogation rights extend to all amounts available to You or that You have received by judgment, settlement or other recovery, including but not limited to benefits from policies of insurance issued to You and/or in the name of a covered family member or that otherwise inure to Your benefit. We automatically have a lien on any payment You receive or are entitled to receive from any person or entity because of a claim for which We have paid benefits. The lien may be enforced against any party who acquires funds arising out of or attributable to the claim.

Our obligation to pay benefits is always secondary to any automobile No-Fault /Personal Injury Protection or medical payments coverage. To the extent that We have paid a benefit for an amount that is payable by any automobile No-Fault /Personal Injury Protection or medical payments coverage, We shall have the right to collect any such amount from the automobile insurer.

You and any of Your legal representatives shall fully cooperate with Our efforts to recover the benefits We have paid. You must notify Us within 30 days of the date when notice is given to any party, including an insurance

company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to the Injury, Illness or condition for which We have paid benefits. You shall do nothing to prejudice Our subrogation or recovery interests or Our ability to enforce the terms of these provisions. We have the sole authority and discretion to decide whether to pursue any right of recovery under this provision.

We are entitled to and may pursue any and all parties who may be liable to provide compensation to You for the claim at Our expense and may bring such action in Our name as Your subrogee/assignee. You agree to fully assist Us in pursuit of Our rights of subrogation if We do so by assignment.

The notice will include a reference to the provision in the Plan description and a description of any additional information which might be necessary for reconsideration of the claim. The notice will also describe the right to appeal. A written appeal, along with any additional information or comments, may be sent within 6 months after notice of denial. In preparing the appeal, the Insured Person, or their representative, may review all documents related to the claim and submit written comments and issues related to the denial. After the written notice is filed and all relevant information is presented, the claim will be reviewed, and a final decision sent within 60 days after receipt of the notice of the appeal.
